#### *~ Realising Hierarchy ~*

1.30 pm

#### *Patterns of Revelation*

Essentially, these patterns are geometrical forms, lying behind all exoteric manifestations; they express significance and intention. To the disciple.. who employs them correctly and with understanding, they indicate energy direction as a definite part of the creative work which emanates constantly from the world of souls, from the Kingdom of God and from the Hierarchy. They are rightly oriented energy patterns. They veil that which is in process of being revealed. They are revealing patterns.

#### *~ The Externalising Sound ~*

Sound permeates all forms; the planet itself has its own note or sound; each form can be evoked into music and each human being has his peculiar chord and all chords contribute to the great symphony which the Hierarchy and Humanity are playing, and playing now. Every spiritual group has its own tune...and the groups which are in process of collaborating with the Hierarchy make music ceaselessly. This rhythm of sound and this myriad of chords and notes blend with the music of the Hierarchy itself and this is a steadily enriching symphony.

**Talks on: *Recognition of Immanence***

The Masters are trained in the art of recognition, which is the consummation of the practice of observation; They stand ever ready to make the needed changes in the techniques or curriculum whenever human nature outgrows the old presentations of the ever-needed truths. The need is indicated to Them by Their disciples, and They then initiate the required changes. When these occur at a time of crisis they are far-reaching in effect.

***Earth Stewardship – Human and Hierarchical***

The current awakening to the diseased condition of the earth and the emergence of many groups dedicated to its responsible management is a sign of spiritual responsibility. This talk will look at the way the Hierarchy guides all kingdoms of nature, and humanity's role in carrying Their plans forward.

3.45 pm ***Revealing Hierarchy through Leadership and Group Living*** – Hilary Pinder

There are signs that group interaction in organisations is changing and that the basis of hierarchy is shifting from authoritarian 'command and control' to a co-ordinated network of responsibilities. What does this mean for leadership and group living? How does this reflect and/or reveal the way in which we are told the Kingdom of God itself functions? Hilary Pinder has had a career in management consultancy and organisational change and is currently researching "Patterns of Governance that include the spiritual dimension".

***The Place of Nation Building in God's Plan*** – Harry Juwe

Harry Juwe of the Nigerian Group for Goodwill, talks about the potential spirituality of nationhood and his vision of hope for the psychological rehabilitation of the developing nations .
