

The Cycle of Conferences

Visualisation on: *Parliament of the World's Religions*

Today, in the planning now going forward in connection with the various international conferences and councils of which you all know, the spiritual effort (for the first time in human history) is to bring all of them, as functioning groups, under the direct impact of the energy which motivates and actuates that place where the Will of God is known and the purposes of divinity are defined and projected. This means that each of the coming world conferences (and there will necessarily be many) will have a greater and far more extensive effect than would otherwise be the case. (The Externalisation of the Hierarchy pg 447)

1. Link up with the souls of all fellow servers who are meditating on the *Parliament of the World's Religions*.
2. Visualise a tide of lighted energy pouring down from the "Centre where the Will of God" is known, and pouring into the centre Humanity. Imagine the whole group sounding the affirmation of the Will together:

*"In the centre of the will of God I stand.
Naught shall deflect my will from His.
I implement that will by love.
I turn towards the field of service.
I, the Triangle divine, work out that will
Within the square and serve my fellowmen."*

3. Through the mind's eye, project a lighted seed of 'will energy' into the heart of the thoughtform under construction on the *Parliament of the World's Religions*. See myriad streams of 'living will energy' connected to it by co-workers around the world.
4. Reflect for a few minutes on the seed thought:

Only those principles and truths which are universally recognized and which find their place in every religion are truly necessary to salvation. The day is dawning when all religions will be regarded as emanating from one great spiritual source; all will be seen as unitedly providing the one root out of which the universal world religion will inevitably emerge.

See the essence of any ideas and reflections adding to the potency of the group thoughtform.

5. Visualise the pulsating nucleus of light at the heart of the thoughtform being fanned into a flame by the group gaze and see its radiation touching all those who are participating in the gathering.
6. Quietly sound the Great Invocation, imaginatively hearing it being chanted by the worldwide group. As you do so, visualise the outpouring of Light and Love and Power through the five planetary inlets (London/Darjeeling/NewYork/Tokyo/Geneva), empowering all who are promoting interfaith dialogue among the world's religious and spiritual communities.
