- 2.20pm** **The Philosophical Heart: Seeding a New Philosophy in the Light of the Plan** *Dr. Michael Madsen*
Descartes famously proclaimed “I think, therefore I Am.” Only when this declaration can be made with understanding can the re-ascent towards spirit and group consciousness begin, as epitomized in the esoteric phrase *I am That – and That am I*. What steps can be taken towards a more holistic approach in philosophy that includes “thinking in the heart?” For only the energy of love and compassion can reveal the true field of relationships within the whole. A key is found in our intuitive response to the true immediate need of another. Dr. Michael Madsen is a psychiatrist practising in Denmark who also has a deep interest in philosophy.

She is co-founder of Skyros Holistic holidays, offering life-changing community based holidays in Greece and worldwide since 1979. - 5.30pm** Close

Your group endeavour must be to seek group application, group meaning and group light. I would emphatically emphasise the words “group light”. We are dealing, therefore, with something basically new in the field of occult teaching, and the difficulty of intelligent comprehension is consequently great.
