-

Afternoon Session *All welcome*

- 13:30 Welcome Headquarter Group
- 13:40 **Creative sound as a medium for inner vision and the grasping of the Plan** *Chisèle Chatain (French) The “listening” of the aspirant has now been transformed into the effectual recognition of that which the Sound has created. I refer not here to the creation of the phenomenal world, or to the world of meaning which is essentially the Plan or the pattern underlying that phenomenal world, but to the intention or the Purpose Which motivated the creative Sound; I am dealing with the impulsive energy which gives significance to activity and to the life-force which the Sound centralises at Shamballa.*
- 13:55 **Seeing the beauty behind appearances to reveal the qualities of life** *Scoglietti Domenico (Italian) The awakened disciple lays the focus of his attention upon the emerging world of qualities, and becomes steadily aware of colour, of new ranges of sound, of an inner evolving and newer response apparatus which is beginning to enable him to contact the unseen, the intangible, and the unrevealed. He becomes aware of those subjective impulses which condition the quality of the life, and which are slowly and gradually revealing themselves.*
- 14:10 **Visualisation (French)**
- 14:20 **The ability to see the whole: Expression of the principle of synthesis** *Ute Pasalk-Sembowski (German) The student must ever remember that he himself possesses a psychical nature which is a part of a greater whole, and, therefore, subject to impression from divine sources. Let him cultivate in himself the trend to synthesis; let him make the words, “I will not be separative in my consciousness,” one of the key thoughts of his daily life.*
- 14:35 **Group Meditation: Letting in the Light (Italian)**
- 14:50 **Break**
- 15:20 **The voice of silence and the music of the spheres** *Anne Woodward (Dutch) God created by the power of sound, and the “music of the spheres” holds all life in being (note that phrase). The soul on its tiny scale can create “the new man” by the power also of sound, and a musical rhythm can usefully be imposed upon the personality life by the disciple.*
- 15:40 **Group Discussions** *- in several language groups*
- 17:10 **Group Meditation: Letting in the Light (Spanish)**
- 17:30 **Close**

Afternoon Session *All Welcome*

13:30 **Welcome** Headquarter Groupe

13:40 **The relationship between Purpose and Vision** *Michael Galloway (English)* With these two divine trends (towards synthesis and towards the vision) the Hierarchy is at this time primarily occupied. Their watchwords are **unification** and **sight**. For humanity, these developments will produce the integration of the soul and the personality, and the awakening of that inner vision which will permit a flash of the Reality to enter into man's consciousness. This is not a flash of his own divinity, or a sensing of God as Creator. It is a flash of the divinity inherent in the Whole, as it works out a vaster scheme of evolutionary process than any hitherto grasped or sensed by the keenest minds on earth.

13:55 **Sensing the vision and directing it through right thinking**

M. Dolores Hernández García (Spanish) Then, having sensed the vision and glimpsed a fraction of the beauty (how little men see is astounding!) in your hands lies the opportunity to bring down to the mental plane as much of the plan as you possibly can. Nebulous and faint at first is your grasp after it, yet it will begin to materialise. Seldom at first will you find that you can contact it, for the vision comes through the medium of the causal body and few can hold that high consciousness for a long time. But the struggle to apprehend will lead to results, and little by little the idea will seep through to the concrete levels of the mental plane. Then it becomes a concrete thought, something that can be definitely visualised and appropriated as a basis for thought.

14:10 **Visualisation** *(French)*

14:20 **Goals of the group as guidelines to express the hidden vision**

Agnès Barbier (French) Yet the quality and the nature of the vision which is God's own vision, dream and thought, have held His purpose steady throughout the aeons and have motivated His creative processes. Great Sons of God have come and gone and challenged us to follow the light, to seek the vision of reality, to open our eyes and see truth as it is.

14:35 **Group Meditation: Letting in the Light** *(German)*

14:50 **Break**

15:20 **What is the relationship between consciousness and the quality of hidden vision?** *Olga Sokolova (Russian)* As we train disciples, we seek to develop in the occultist mystical awareness and, in the mystic, practical occult knowledge.

Your vision can be on high levels, and that is where you, as a soul, must consciously walk. That vision must, however, be brought down to a lower level of consciousness.

15:40 **Group Discussion** - in several language groups

16:40 **Group Meditation: Letting in the Light** *(English)*

17:00 **Close** *All speakers, on both days of the Conference, are students of the Arcane School.*
