2:10 ***The Shamballa Force: The Will of God in new and potent livingness***

- Mario Eugster

“[The] most powerful force is that pouring into the world from Shamballa, the planetary centre where the Will of God is known... Today, this force streams out from the Holy Centre; it embodies the Will aspect of the present world crisis and its two subsidiary effects or qualities are: (a). The destruction of that which is undesirable and hindering in the present world forms (in government, religion and society). (b) The synthesising force which binds together that which has hitherto been separated.”

Panel discussion – *Mario Eugster, Mintze van der Velde, Michael Galloway, Kathy Newburn*

3:50 ***Unveiling the Self: Pathways in Education towards Right Human Relations*** – *Barbara O’Toole*

The Arcane School places an emphasis on the Problems of Humanity, and the direction of the energies evoked in meditation towards their solutions. In this presentation, Barbara O’Toole, a retired senior lecturer in intercultural education and global justice education, will be highlighting progressive, enlightened thinking in the field of education. She will reflect on concepts such as ‘relational consciousness’ and will explore how intercultural education can help to build right human relations, including supporting multi-belief dialogue in schools.

4:30 **Festival of Humanity: Gemini Meditation Meeting**

The last of the three spiritual festivals in Gemini, known as the Festival of Humanity, marks the distribution of the powerful energies of Love-Wisdom generated at Wesak which have been held in trust for Humanity by the Christ. Gemini represents the ultimate fluid synthesis of the pairs of opposites; spirit and matter, indicating the eventual goal of the triumph of the soul over matter.

2:10 **Clear Vision: The Trials and Triumphs of Discipleship** - Stella Peterson

“Through right understanding and right use and control of the astral nature and a comprehension of the nature of the sentient consciousness, man can penetrate into the very heart of God Himself and know past all controversy that all is well, for all is Love. Through right use of the mind, and through correct understanding of the nature of the intellect, man can enter into the mind of God and know that all is well, for all is planned, and divine purpose is steadily working out its objectives...all human selfishness and self-seeking fade out in the clear light of the Will of God.”

2:30 **Contemplation on ‘Lucidity’**

2:45 **Group Discussion**

3:15 ***Humanity’s Invocative Power: the Role of Music and Creative Sound in Group work*** - Alice Bishop and Ian Welch

“Each form can be evoked into music and each human being has his peculiar chord and all chords contribute to the great symphony which the Hierarchy and Humanity are playing... Every spiritual group has its own tune... and the groups which are in process of collaborating with the Hierarchy make music ceaselessly“ (*Glamour. A World Problem*)

Alice Bishop is a singer and singing teacher with a holistic approach. Ian Welch recently retired as the Rector of the Parish of St. Andrew with St. Alban, Mottingham, and has training in acting and speech formation. In their presentations, they will be exploring the role of singing as a means for the invocation of joy, and the use of speech and the Sacred Sound in strengthening group consciousness.

4:20 ***“The Ending of Time” – The Ending of the Veil?*** Ana Lucia Mercê

In 1980, Jiddu Krishnamurti and David Bohm had their discussions turned into a book: *The Ending of Time*, in which they offered questions and proposed answers for how to disrupt the perception of time in a psychological way (mental process). There is much more than meets the eye... and the brain. Thought and knowledge are of time. What then would be a path to end “time” in order to lift the Veil, the Glamour that conceals Spiritual Perception and Wisdom?

Ana Lucia Mercê is an Associate Professor who is trained in Chemical Engineering and in Environmental Sciences. She has also studied Medicinal Plants, Aromatherapy, and Alternative Medicine. She created BTI Expertise in 2015. (**Beyond The Invisible**)

The World Invocation Day

Sunday 31 May 2026

World Invocation Day coincides with the Gemini Festival, Sunday, 31 May. On this day, people around the world will sound the Great Invocation with mental focus and heartfelt intent, evoking the spiritual energies of Light, Love, and Divine Power so bringing them into fuller expression on Earth. These divine energies remain ever available and can be invoked on behalf of humanity and the world.
