4:40 pm **Esoteric Training: The Living Science of the Soul**

Esoteric Training teaches, above all, how to live and walk in the light of the soul. Understanding what this means and maintaining this understanding through all the many difficulties faced on the Path is no easy feat. Consisting of two talks followed by a panel discussion, this session will throw light on what it means for esotericism to be a ‘living science’.

2:20 pm **Challenges of Discipleship**

As we transition to the Aquarian Age, disciples are learning new ways of working in groups. Many challenges arise as the lessons of cooperating with the Plan, developing the powers of the soul, and serving humanity are integrated, and the glammers that arise are handled. Three students share their own reflections on their personal challenges to discipleship.

3:35 pm **Preparation for Externalization of the Hierarchy**

By living the dual life, the disciple, in alignment with the group, lives at the center of the even-armed cross of discipleship—drawing inspiration from above and becoming a radiating center in service to the Plan. Through this means the disciple plays their part in the midst of the stimulation of the unfolding externalization.

4:40 pm **Group Service and the Demonstration of Sound and Light**

The disciple seeks to develop a consciousness of the group and to demonstrate a quality of service. He or she is not concerned with appearance or tangibility so much as the demonstration of the subjective or the intangible. This session looks at this 'demonstration of the intangible' in the context of group discipleship service.

The Christ's Festival

Full Moon Meditation Meeting

Saturday, May 30, 3:00 pm EDT

To be held at the Lucis Trust offices:
866 United Nations Plaza, Suite 482, New York, NY 10017

The Christ's Festival is the climax of the higher interlude of the spiritual year when the energies built up over the past months focus on the powerful approaching light of the Christ. This Festival of the Christ is also known as the Festival of Unification, the Festival of Humanity and of Goodwill. In its most powerful synthetic expression, it is the *Festival of the Spirit of Humanity*.

We are invited to observe this Festival subjectively, intelligently, imaginatively, and in unison with others around the world. It is the time to acknowledge but leave aside our imperfections, and to focus on our potential to emulate Christ—to be in deep communion with the Divine Will and thus to be a beacon of right relationship and goodwill in the world.
