1.15pm ***Discipleship and the ‘New Fire’*** Talk – Headquarters Group

The free energy era we are now entering is based on the same science as magical work. Induced magnetic resonance creates funnel shaped vacuums in the ether through which the creative fire gains entrance to the physical plane. As these whirling vortices are created all over the world through technology, the magical work will be assisted, and the separating web (the veil of the temple) which divides the physical plane from the unseen world, will be destroyed.

2.00pm ***The Dayspring from on High*** *An Esoteric Catechism*

When the Vrittis (modifications of the substance of the mind) are entirely controlled there eventuates “a state of identity with, and similarity to, that which is realized. The knower, knowledge and the field of knowledge become one, just as the crystal takes to itself the colours of that which is reflected in it.”

2.20pm ***The Path to Synthesis: Unlocking the Genius of the Soul*** Dr. Yoav Dattilo

“It is among the thinkers of the race that the first assured recognition of the soul will come, and this event will be the result of the study and analysis, by the psychologists of the world, of the nature of genius and the significance of creative work.” Yoav Dattilo is a psychologist, training psychotherapist and clinical supervisor and served as a President of the Italian Society of Psychosynthesis Psychotherapy.

Let the Group strive towards that subjective synthesis and telepathic interplay which will eventually annihilate time

The plan as at present sensed...might be defined as...“the production of a subjective synthesis in humanity and of a telepathic interplay which will eventually annihilate time. It will make available to every man all past achievements and knowledges, it will reveal to man the true significance of his mind and brain and make him the master of that equipment and will make him therefore omnipresent and eventually open the door to omniscience. This next development of the plan will produce in man an understanding – intelligent and cooperative – of the divine purpose for which the One in Whom we live and move and have our being has deemed it wise to submit to incarnation”.
