

FESTIVAL MEDITATION MEETINGS — London 2023

The rhythm of the full moon is used to schedule these meditations as it marks the time when the impact of the divine energies of Light, Love and Power are at their peak and can be registered by a group and radiated into human consciousness. The physical presence of fellow meditators can greatly enhance the group's power to help humanity move towards its spiritual goal.

**Meetings are now being held at the Lucis Trust library
Simultaneous Zoom events will be broadcast online**
