Rosicrucian Philosophy

The Law of the Triangle: Is based on the fact that a perfect and complete manifestation can occur only if two conditions of complementary or opposing natures come together.

- The two opposing forces are of a positive and negative polarity;
- The coming together or union of the opposing polarities creates a third condition or a separate, distinct entity that is neutral;
- Demonstrates the Law of Duality.

Rosicrucian Philosophy

The Law of the Triangle (Cont.):

- All manifestation obeys this Law;
- One can employ this Law in the manifestation of one's affairs/creation of reality (Cause and Effect);
- By mentally setting out one's plan in the form of a Triangle and determining the two conditions to be combined to obtain the desired outcome;
- The will to implement through the sounding of the Mantram, "So Mote it Be".

Rosicrucian Philosophy

“So Mote it Be”

- Original Translation: “So be It” from an ancient Masonic manuscript;
- “A symbol of the Will and Purpose of the Most High”; (A Treatise of the Seven Rays, Vol 5, page 515);
- Mantram of power of the 1st and 7th rays.

Meditation: Implementation of the Will to Good into Creative Expression

- Come together as a Group and envision the first triangle of circulating, golden light, pointed downwards reaching into manifestation as the Father Aspect of power and purpose , irradiating the Will of God; Let us envision this triangle for one minute;
- Let us now envision the second triangle of golden radiating light pointing upwards towards Spirit as The Mother Aspect, of attractive magnetism, the expression of the form aspect. Envision this triangle for one minute;
- Now envision the two triangles, uniting, merging creating a golden 6 pointed star, that of Father & Mother, electricity & magnetism and through the union or sacred marriage of the two comes the birth of the Child, that of Light or an expanding, refined consciousness, quality or outcome . Envision this 6 pointed star for one minute, irradiating all consciousness;
- Sound the Mantram “So Mote it Be!” with purpose and know that this Work is fulfilled;
