3. The energy of Goodwill
4. How Triangles Generate the energy of Goodwill

“ A given amount of energy expended on the spiritual or astral plane is productive of far greater results
Then the same amount expended on the Physical or objective plane of existence”

- Madam Helena

Blavatsky, The Secret Doctrine vol 1 page 644

The basic approach for all who endeavor to grasp esotericism, or to teach esoteric students, is to lay emphasis upon the world of energies and to recognize that behind all happenings in The world of Phenomena (and by that I mean the three worlds of human evolution) exists. The world of energies. These are the greatest diversity and complexity, but all of them move and work under the law of cause and effect.”

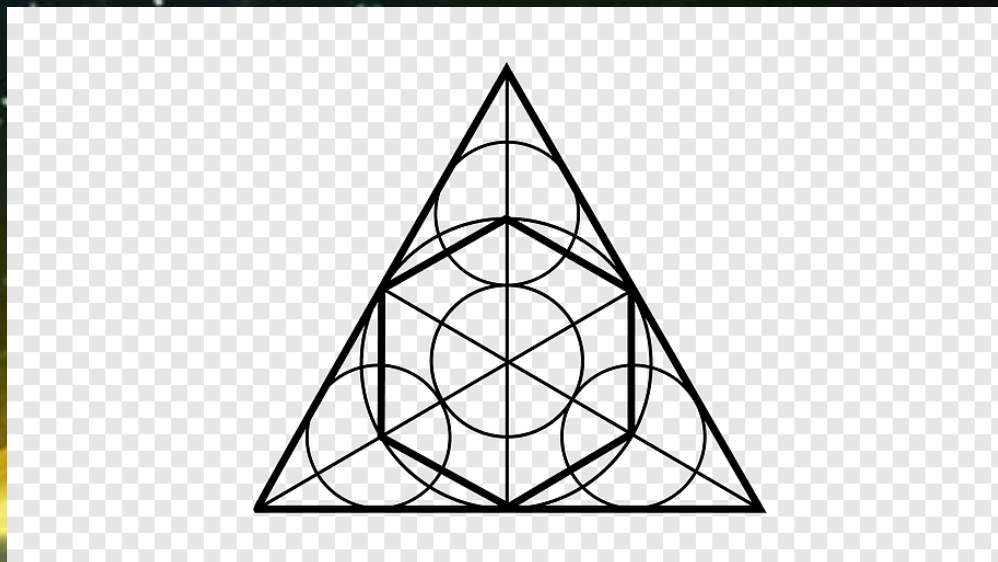

-Alice Bailey, Education in the New Age page 59

The Esoteric and Spiritual Symbolism of the Triangle

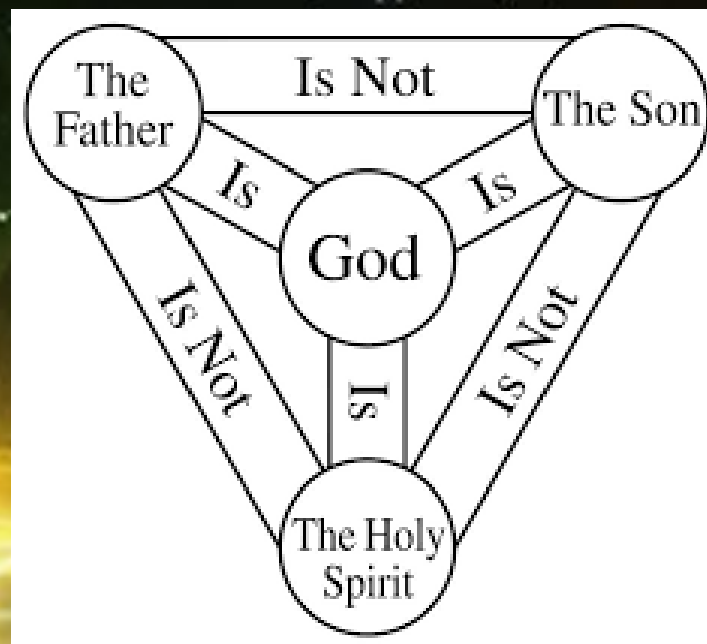

In Magical Traditions the Triangle is a symbol of manifestation

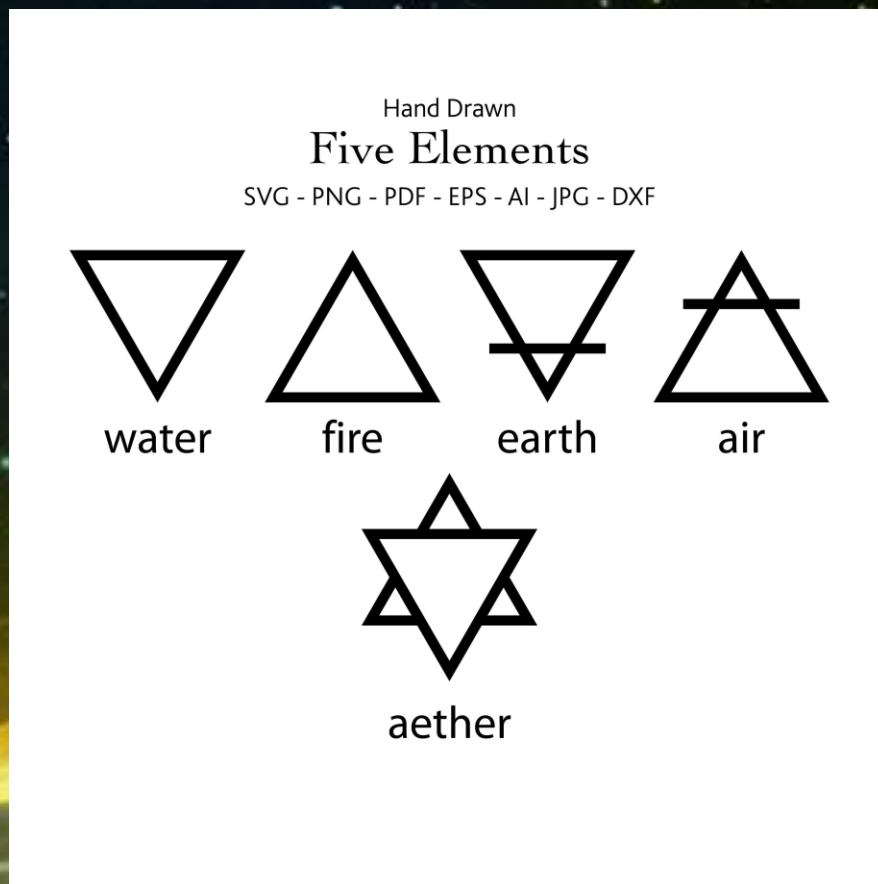

In Sacred Geometry the Triangle is a symbol of Harmony and Stability.

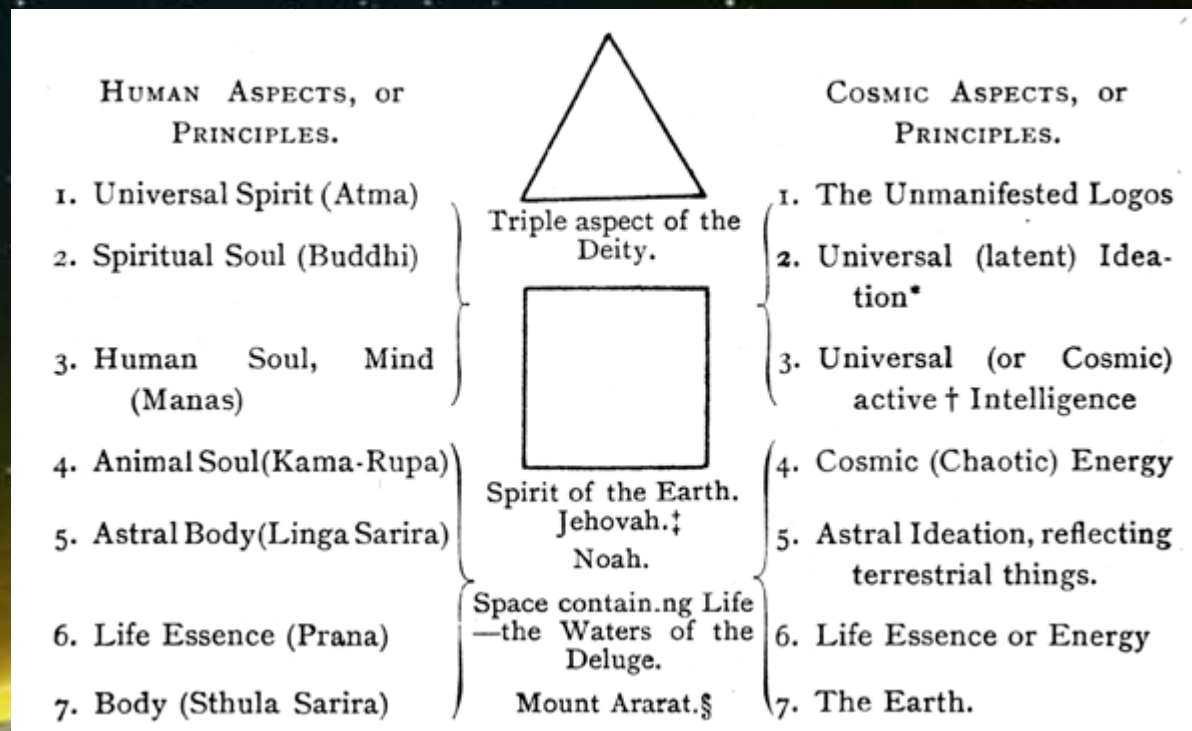

In various religious traditions, the triangle is a symbol of various triplicities ex. The Father-Son-Holy Spirit, Spirit-Soul-Matter, Body-mind and Spirit.

In Alchemy, the Triangle is a symbol of the five elements. An Upward pointing triangle represents the Fire Element.

In Theosophy and the Ageless Wisdom, an Upward pointing triangle represents the higher self or upper triad. While the lower self is sometimes depicted as a downward-pointing triangle or a square.

The Great Invocation

The Great Invocation is a World Prayer, an invocation for light and love, and is used globally as an act of service to humanity to aid the Plan of God to find full expression on Earth.

The Mantram of the Christ

The Prayer of the New Age

THE GREAT INVOCATION

From the point of Light within the Mind of God
Let light stream forth into the minds of men.
Let Light descend on Earth.

From the point of Love within the Heart of God
Let love stream forth into the hearts of men.
May Christ return to Earth.

From the centre where the Will of God is known
Let purpose guide the little wills of men—
The purpose which the Masters know and serve.

From the centre which we call the race of men
Let the Plan of Love and Light work out
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.

The Great Invocation belongs to all humanity. Will you join the millions who daily use this prayer to invoke peace on earth? Become a co-worker in God's Plan, for only through humanity can the Plan work out.

Goodwill

" Goodwill is humanity's first attempt to express the love of God, for goodwill is the lowest expression of true love and the one most easily understood. It is time that people should, temporarily at least, stop talking about love, about loving their fellowmen, and the use of love in solving problems, and talk instead upon a lower and more practical level – goodwill. To many the use of the word love in matters of group and national relationships is meaningless. But goodwill still retains significance and can be understood by all. Goodwill is both an attitude and a harmonizing energy. Goodwill is love in action."

- Lucis Trust World Goodwill

"Goodwill is man's first attempt to express the love of God. Its results on earth will be peace. It is so simple and practical that people fail to appreciate its potency or its scientific and dynamic effect. One person sincerely practicing goodwill in a family, can completely change their attitudes. Goodwill really practiced among groups in any nation, by political and religious parties in any nation, and among the nations of the world, can revolutionize the world"

- Alice Bailey Problems of Humanity page 7

"I call you to recognize that goodwill is a dynamic energy which can bring about world changes of a fundamental kind and that its mode of expression is through the activity of the individual man and woman and through their massed intent. The massed power of goodwill, the dynamic effect of intelligent and active understanding, and the potency of a trained and alive public opinion that desires the greatest good of the greatest number are beyond belief. This dynamic power has never been employed. It can, today, save the world."

-Alice Bailey, The Externalization of the Hierarchy, page 211

How Triangles Work Generates Good will

1. Through the use of The Great Invocation.
2. The Triangle symbol purifies and amplifies the energies.
3. The Triangle program is a practical approach to service
4. Through Group work

“ Prayer is ennobling action when it is an intense feeling, an ardent desire rushing forth from our very heart, for the good of other people, and when entirely detached from any selfish, personal object.”
-Madam Helena Blavatsky, The Secret Doctrine volume 3 page 51.
